THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. W. WORTMINE, 2842 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthine.

Be it resolved by the Legislature of the State of Utah, two-thirds of all the members elected to each house concurring therein, That the Constitution of the State of Utah be amended to read as follows:

Section 3. The Legislature shall provide by law a uniform and equal rate of assessment and taxation on all property in the State, according to its value in money, and shall prescribe by general law such regulations as shall secure a just valuation for taxation of all property so that every person and corporation shall pay a tax in proportion to the value of his, her or its property. Provided, that a deduction of debts from credits may be authorized. Provided further, That the property of the United States, of the State, counties, cities, towns, school districts, municipal corporations and public libraries, lots with the buildings thereon used exclusively for religious worship or charitable purposes, and places of burial not held or used for private or corporate benefit, shall be exempt from taxation.

Ditches, canals, reservoirs, pipes and flumes owned and used by individuals or corporations for irrigation, shall be exempt from taxation. Ditches, canals, reservoirs, pipes and flumes owned and used by individuals or corporations for irrigation, shall not be separately taxed as long as they shall be exempted from taxation for such purpose. Provided further, That mortgages upon both real and personal property shall be exempt from taxation. Provided further, That the taxes of the indigent poor may be remitted or abated at such time and in such manner as may be provided by law. Provided, further, That the Legislature may provide for the exemption from taxation of homes, homesteads, and personal property, not to exceed two hundred and fifty dollars in value for homes and homesteads and one hundred dollars of personal property.

Section 2. The Secretary of State is directed to cause this proposed amendment to be published as required by the Constitution and to be submitted to the electors of the State at the next general election in the manner provided by law.
